## INTERNSHIP

<b>Jan 2025 - Present</b>	<b>MII Foundation   Trainee → Developer</b> <ul style="list-style-type: none"><li>Started as a Frontend Trainee, working on the ERP Portal with HTML, CSS, JavaScript, Bootstrap and React.</li><li>Progressed to Developer, contributing to both the ERP Portal and MII website by enhancing features, optimizing performance, and building responsive UIs using React and TailwindCSS.</li></ul>
<b>06 Mar 2024 - 26 Apr 2024</b>	<b>Rinex Technologies  Intern</b> <p>I successfully completed a web development internship at Rinex Technologies. During this period, I gained hands-on experience in front-end and back-end technologies, worked on real-world projects, and enhanced my coding and problem-solving skills.</p>

## PROJECT

### ERP Dashboard for MII Foundation

- Developed the front-end of an ERP Dashboard for MII Foundation, enabling efficient user management, resource allocation, and real-time data visualization.
- Designed a responsive and user-friendly interface using React.js, Bootstrap, and JavaScript, ensuring smooth navigation and accessibility.

### The Blooming Basket, an e-commerce website for bouquets

- Built a full-stack MERN e-commerce platform for bouquets with product browsing, filtering, cart, wishlist, customizable floral arrangements, and secure checkout.
- Developed a responsive React frontend, Node.js/Express backend APIs, and integrated MongoDB for persistent product, user, and order management.
